

JEAVEN A. PARAS

Atimonan, Quezon | jeavenanda07@gmail.com | +0948-530-4760 | jeaven-paras.vercel.app

SUMMARY

Computer Science graduate specializing in front-end development with React, Next.js, and TypeScript, backed by foundational database experience. Seeking an entry-level Software Engineer role to build responsive, user-centric web applications.

WORK EXPERIENCE

Multimedia & Information Technology Intern | Public Relations and Information Office (PRIO) Jan 2026 - June 2026

- Designed media layouts, announcements, and graphics using Adobe Photoshop and Lightroom.
- Digitized administrative records into relational database formats using automated tools.
- Handled photography, video editing, technical equipment, and live broadcasts for municipal events.

Lead Systems Developer / Software Engineer | Capstone Thesis Project 2025-2026 Quezonian Educational College Inc.

- Led end-to-end full-stack development as primary architect, designer, and lead developer.
- Built a responsive front-end interface using TypeScript and Next.js.
- Designed and managed relational PostgreSQL database schemas for optimized performance.

PROJECTS

ArtistryHub | Lead Developer (Capstone Thesis)

- Tech Stack:** Next.js, TypeScript, PostgreSQL, Tailwind CSS, Figma
- Architected a full-stack art marketplace enabling creators to list, sell, and take commissions for artwork.

Restaurant Ordering System | Full-Stack Developer

- Tech Stack:** Next.js, TypeScript, PostgreSQL, Tailwind CSS
- Built a web application featuring an interactive customer ordering menu and a real-time manager admin dashboard.

Footwear E-Commerce App | Front-End Developer

- Tech Stack:** ReactJS, JavaScript, Tailwind CSS
- Developed a responsive footwear storefront with dynamic product filtering and client-side shopping cart management.

EDUCATION

Bachelor of Science in Computer Science 2025-2026 Quezonian Educational College Inc., Atimonan, Quezon

TECHNICAL SKILLS

- Languages & Frameworks:** JavaScript (ES6+), TypeScript, React, Next.js, HTML5, CSS3, Tailwind CSS
- Databases & Tools:** PostgreSQL, MySQL, MongoDB, Git, GitHub
- Design & Multimedia:** Figma, Adobe Photoshop, Lightroom
